

NORTHCHAPEL DEFIBRILLATOR

As you may all be aware there is now a defibrillator in Northchapel located at the top of the Village Green by the notice board. The defibrillator equipment itself was kindly donated by SECAMB (South East Coast Ambulance) and the Parish Council supplied the external box and housing unit. The defibrillator may be accessed in emergencies by phoning 999 who will give you a code for the keypad to enable the door to be opened.

It is hoped that training will be given by SECAMB shortly but the equipment is simple to use and directions for use are explained once accessed.
